

EEP Technical Solutions Product Lines

Heat Exchangers and Parts Service
Heat Recovery
Wet Surface Air Coolers

Conveyers
Grinders
In Channel Screens
Rotary Screens
Thickeners

Aeration and Mixing
Biological Processes
Cloth Media Filtration
Membranes
Disinfection

Lagoon Aeration
Lagoon Ammonia Removal
Lagoon Nitrogen Removal
Lagoon Phosphorus

Flow Meters
Flow Sensors
Dosing Pumps (Diaphragm)
Dosing Pumps (Peristaltic)

Air and Surface Disinfection
Dechlorination
Water and Wastewater Disinfection

Decanter Centrifuge
Centrifugal Separator

Brewery Wastewater
Decentralized Sewage
Winery Wastewater

Bag House Dust Collector
Cyclone Dust Collector

Lagoon Mixing
Lagoon Aeration
FOG Elimination for Pumping Stations
Odour Control for Pumping Stations

Knife Gate Valves:
• Sludge and Slurries Applications
• Wastewater Applications
Sluice Gates

Desuperheaters
Direct Steam Injection Heaters:
• Constant Demand
• Variable Demand
Packaged Process Heating Systems

Blower Packages
Blowers

Severe Duty Check Valves

Bin Vents
Cartridge Dust Collector
Wet Dust Collectors Rotoclone

Air Cleaners
Filters
Separators
Industrial Vacuums

Strainers
Self Cleaning Filters
Custom Filters

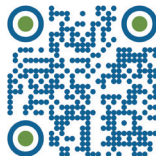

DAF Systems
Sludge Dewatering
